

Come and See.....

Presenter: Susan Kay is a Consultant for William H. Sadlier having more than 25 years experience in schools, both public and catholic, parishes, and the Archdiocese of Boston Office of Religious Education.

I have promised to teach religious education...

Life is so busy. You know that religious education cannot just be "one more thing." But what can a busy person do to make the time with the youngsters -and you- worthwhile? It is a big responsibility. You want to do this- you are used to handling many things at once- you want to do this well.

This preparation time together is an invitation to "Come and see". The promise is: you will never be left without help. Your DRE, Coordinator, Principal, and colleagues, your own strengths and talents, as well as other resources (such as *Sadlier* textbooks) will always be available to you. How can you make the best use of them?

Jesus said to his friends, "Come and see" meaning, he would help them. Jesus has called us "friends" as well. **Come and see!!**

ALL Catechists and catholic school teachers are invited- no matter what curriculum you use!!
